PROTESTED by J.E. Wines, March 3-1911

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is granted subject to prior rights.

By the granting of the right to divert eight tenths of a cubic foot of water per second from this source, the State Engineer realizes the necessity of the applicant to obtain a right of way over other lands for the construction of the ditch to convey the water to the lands to be irrigated. The State Engineer makes no pretense of granting such right of way. The applicant must furnish the State Engineer with evidence that such right of way has been secured, or that steps have been taken to acquire it, before May 21, 1914.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Eight tenths cubic feet per second.

Actual construction work shall begin on or before May 31st, 1914.

Proof of commencement of work shall be filed before June 21st, 1914.

Work must be prosecuted with reasonable diligence and be completed on or before June 6th, 1914.

Application of water to beneficial use shall be made on or before October 21st, 1916.

Proof of the application of water to beneficial use must be filed with ~~the~~ State Engineer on or before November 21st, 1916.

WITNESS MY HAND AND SEAL this 22nd. day of December, 1913.

Proof of labor filed JUN 23 1914

Map filed JUN 24 1914

Certified APR - 7 1917 because of failure of applicant to comply with provisions of permit.

W. Mearns
State Engineer.
